Dear Anne,

I just wanted to take a few minutes of your time to let you know how pleased I am with the piece you did on our program, The Temporary Residence for Seniors. I receive several inquiries after the segment is aired. It makes me realize how many families are out there providing care for their elderly relatives who need a well deserved break. Thank-you and channel 60 for doing such a terrific job and accurately portraying our program. The Temporary Residence for Seniors needs the kind of exposure you have given us and we hope we will be able to assist some more of your viewing audience.

Thanks Again,

Dear Mr. Palmer:

On behalf of the 800 residents of the Malibu Condominium (where all 357 units are wired for cable TV), I am writing to protest the removal of WEHS (Home Shopping Club) from your schedule effective June 3, 1991.

Many residents do most of their shopping via the Home Shopping Club. Those who regularly shop with HSC are older people who are not always able to go to stores, but who have the purchasing power to buy jewelry, gifts and household goods. WEHS is, therefore, their main shopping source.

Others in the building occasionally buy items from Home Shopping Club, and enjoy comparing the products and prices on HSC with those in regular stores.

Further, WEHS is a UHF station in the Chicago area, and as residents of this market, we should have access to all our local stations. If cable providers are beginning to deprive us of local UHF stations, can we expect the elimination of network programming as well?

The Home Shopping Club provides a unique programming opportunity to us. In its place on Channel 60, you are substituting programming which duplicates material available on several other stations, and which has, in our opinion, limited appeal to the mass market.

As you must surely know, the availability of one's favorite TV program is of significant emotional importance, and viewers are ready to fight for the preservation of the Home Shopping Club. May we hear from you soon as to the arrangements you are making for the return of WEHS. Thank you.

Sincerely,

Belle R. Mest

Dear Mr. McGrath,

I am writing to tell you how impressed I was with one of your employees, Ann Wenzell. Recently, Channel 60 did an interview on our very young Foundation. The interview involved Ann working very patiently with one of our homeless clients. This particular client was having a rough day and because of Ann's efforts, the finished product was excellent. Bravo to Ann and Channel 60.

Dear Ann:

Please accept my apology for the delay in expressing my gratitude for your generosity to the Home. You have provided us with a great informational service which helps inform the public about our important work. (I can't wait to see the piece, I hear it's great -- and I'll have my Visa Card ready for the breaks.)

Ann, I believe you especially touched the hearts of the girls you worked with who were obviously receptive to the attention you provided. It was an all-around good experience for us.

Finally, I've enclosed a VHS tape so that we can view and use your pieces with various publics. I really appreciate the favor of copying the feature pieces for us. We're truly grateful for your special interest in us. Father Close and I are anxious to view them. As I mentioned earlier, many have already seen them and have delivered very favorable comments.

Thanks again. I'll stay in touch.

Dear Sandra:

I've enjoyed the "In Your Interest" spots on WEHS and the wide variety of topics you've covered and presented quite professionally. As a HSC fan for 3½ years and during my business travels, I've been able to view some of the other affiliate stations and, in my opinion, your spots rate as one of the best I've seen.

Recently you covered several topics pertaining to children, an area that I've been involved with professionally for years. I've been delighted to see material such as this reaching such a broad spectrum audience.

Another topic that I feel would be well worth sharing with your viewing is that of the "Underachiever". I've included a variety of material on this topic prepared and presented by a true expert in the field, Linus S. Pecaut, Ph.D.

Thank you for your consideration.

Dr. Linus S. Pecaut

Dear Monica:

On behalf of Schwab Rehabilitation Center, I would like to thank you once again for helping to publicize this year's Schwab Art Festival, "Imagination Without Barriers III" Professional Exhibition. The "In Your Interest" broadcast did much not only to call attention to the event, but also helped to increase the general public's overall awareness of the field of physical rehabilitation as it illustrated the creative potentials of persons with disabilities.

I thought that Anne, Lisa and David did a good job in capturing the mood of the art festival and helped to portray a positive image of Schwab. Everyone here is quite pleased with the piece and I thank you for giving us a half hour of air time to feature our facility and event.

Thank you again to you and your staff. Please know that your efforts on our behalf, have made a difference.

On behalf of The Chicago Christian Industrial League, thank you so very much for coming to The League and filming "In Your Interest." True to the promise of the title, the segments were very informative, moving and effective.

Calls to the agency increased during the time the segments were aired. Some of these calls resulted in contributions and volunteers. Others simply wanted to know about our services.

Please call us if there is ever anything we can do for you. Per your instructions, I am sending you a blank tape for you to dub with the segments, so we can have our own file copy of The League's "In Your Interest."

We extend our best wishes to you and your wonderful crew, both now and in the holiday season!
